

Village of Mamaroneck

NY Forward Community Engagement Session

October 14, 2025

What is the NY Forward Grant?

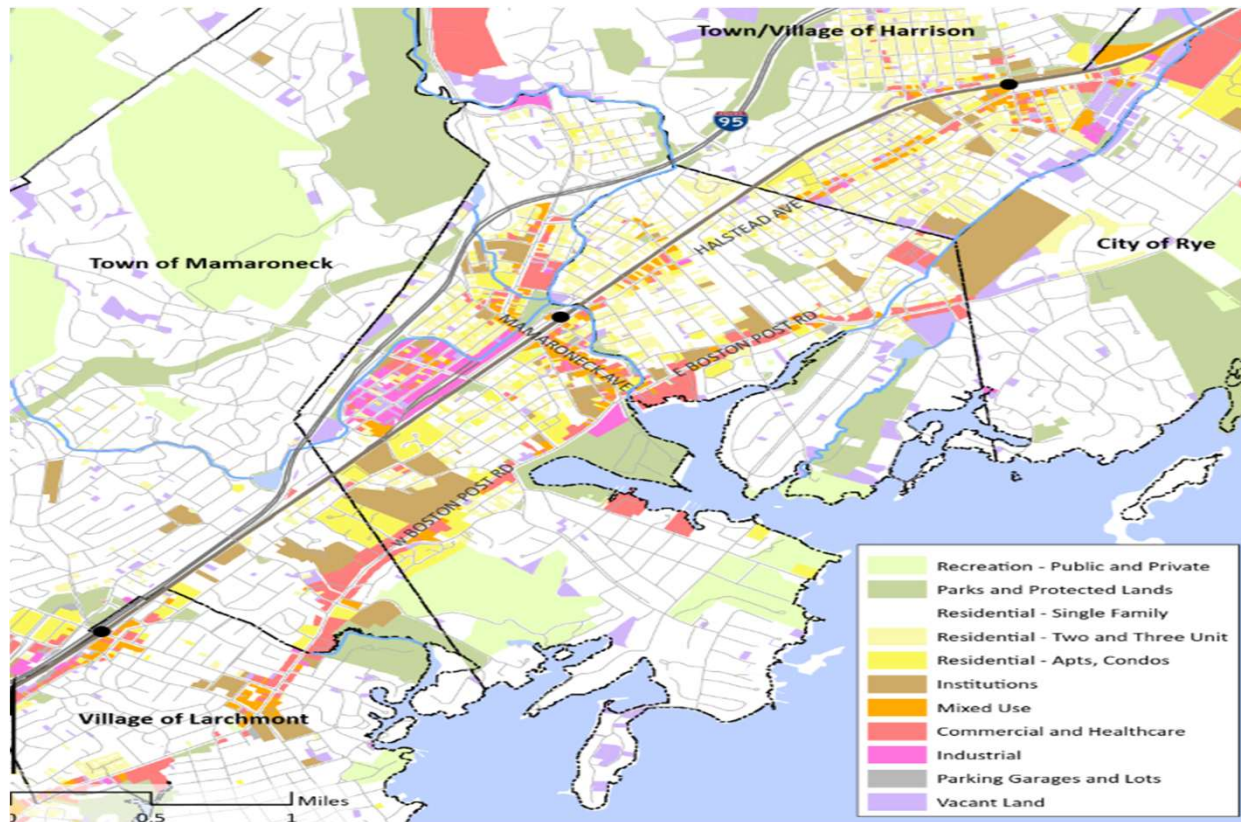

- NY Forward was created in 2022 by Governor Hochul to provide catalytic funding to smaller municipalities and is modeled after the original grant program known as the Downtown Revitalization Initiative.
- The overarching goals of the two programs (NY Forward and DRI) are to revitalize downtowns and reinvigorate local and regional economies by creating a critical mass of vibrant downtown destinations in each region.
- To date, NY Forward has awarded a total of \$200 million to 43 communities.
- The NY Forward grant awards two \$4.5M awards per region. (Mamaroneck is part of the seven-county Mid-Hudson region.)

NY Forward Process

Possible Project Area

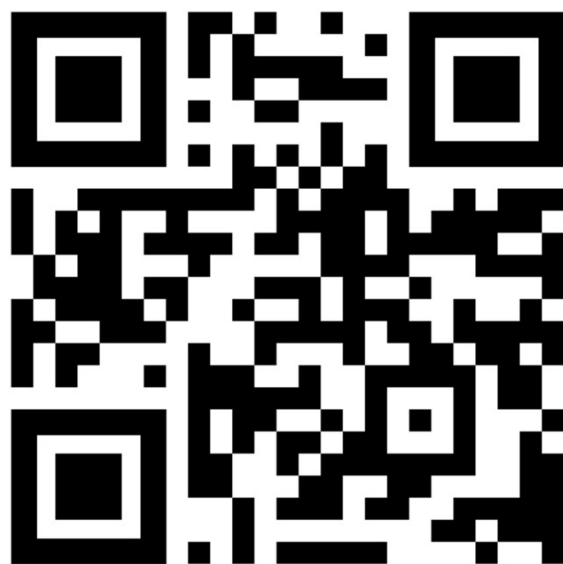

Possible Project Ideas:

- Lighting and security enhancements
- Rehabilitation of the pedestrian walkways
- Sidewalks, curbs, and related streetscape enhancements
- Roadway resurfacing, related drainage improvements, and pavement markings
- New signage for wayfinding, including a large digital board at the entrance to Harbor Island Park to promote community events
- Create a community fund to partner with businesses on awning and façade improvements
- Installation of multi-space parking meters
- Rehabilitate the old Firehouse to convert to event space, retail/restaurant space, and/or workforce housing
